

The Valla V210R pick & carry crane is one of our new generation mini cranes operated by wireless remote control. This gives the operator freedom to choose the optimum location for controlling a lift, increasing safety and productivity.

It has a maximum safe working load of 20t (basic spec) or 21t with optional front outrigger bar. A maximum working height of 12.0m (8t) and a maximum working radius of 8.1m (3.6t). As an electric battery crane, the Valla V210R also provides sustainable zero-emissions and fume-free lifting.

20,000kg
